SUMMARY

I am a sixth-semester student majoring in Digital Creative Multimedia at Telkom University, with active involvement in student organizations. My primary interest lies in Big Data, particularly in roles such as Data Analyst or Data Engineer. I have a understanding of SQL, Data Visualization, and Data Communication. Currently, I am looking to explore career opportunities that align with my educational background and experiences. I am committed to making meaningful contributions in the workplace and continuously growing in the field of Big Data.

SKILLS

Data Analysis and Visualization (BigQuery, Looker Studio)
